Payment process:

The fastest way to pay online - the Buyer enters the card number, card expiration date and CVC code (three numbers found on the back of the card) into the ComGate payment gateway interface. Everything is secured by the 3D Secure standard, so the Buyer will be asked to enter the number code, which will be received by SMS from its bank.

The instant payment via internet banking - the ComGate payment gateway redirects the Buyer to its internet banking, where the Buyer log in as usual, and then confirm the payment order already prepared.

To complete the payment, the Buyer shall be redirected back to the store. The payment is confirmed immediately.

4. More detailed information on price, payment and delivery terms is given in the General Terms and Conditions.
